**LUCKY MEN** - Only a set of small coincidences stood between Highway Dept. Superintendent Stanley Chlebowski, and foreman John Lynch, and possible mutilation or death Monday. A giant tractor-trailer ran driver-less down Lewis st. and smashed their DPW office into splinters. This view was taken inside the garage, and shows the front end of the tractor poking through the interior office wall. It pushed timbers against a car parked there, pushing it over considerably from its previous position.

## Press Building Sold Yesterday

John D. and W. R. Hill have purchased the former Andover Press Building and the apartment house immediately in the rear, owned by Karl Killorin.

Papers were passed yesterday at 2 p.m., transferring the two parcels.

Dana Hill announced the transaction, which he placed in the quarter-million dollar bracket.

Originally, Smart & Flags, owners of the property where the Andover Press was located for many years, announced the agreement to sell the property to C. Lincoln Giles. The Hill interests have taken up Giles' option.

Mr. Hill plans to open a sports shop in retail space on the street level, with offices on the second floor. He said renovations will begin soon.

The building, on the corner of Chestnut and Main sts., has been exempted from Urban Renewal and takings, according to a vote of the Housing Authority.

## Fact Finding Session On Urban Renewal Data

### Stewart Refuses Discussion Plea

Selectman William Stewart charged Monday night that tonight's meeting on Urban Renewal is an effort to get the Selectmen "out on a limb so they can get us to agree".

And he bluntly told his colleagues that he has no intention of discussing town hall needs at the meeting.

"How naive, how stupid, do they think I am?" he demanded, while asserting several times that the meeting is designed to get the Selectmen to agree to something so that it can be used later.

"I've no desire to go on record and give them something to work with," he declared.

Chairman Russell G. Doyle had asked the Selectmen if they wished to discuss the subject of new municipal buildings, as that is the first item on the agenda tonight. He suggested that the Board might be better prepared to enter the discussions, if some preliminary talking took place Monday.

Following Mr. Stewart's charges, Selectman James D. Wilson, when

## Set School Budget At Whopping \$1,823,881

### West Church Calls Minister

The Rev. Bruce Van Blair has accepted a call from the West Parish Church, and will resign his pastorate in Paxton to come here late this Spring.

He is expected to preach his first sermon in the local Church May 5, but will move into the parsonage after April 22.

Mr. Van Blair is a native of Glendale, Cal., where he was born Nov. 21, 1934.

He holds his A.B. degree from the University of Redlands in that state, and his B.D. degree from Andover Newton Theological Seminary in Newton.

Married to the former Marianna Van Loenen, the couple has two children, a daughter, Willene, age three and a son, Brennan, 18 months. Mrs. Van Blair also attended the University of Redlands, and received her B.A. degree from Boston University, where she majored in music.

(Continued on Page 13)

A final school budget of \$1,823,881 has been approved by the School Committee.

Action came about 12:30 a.m. Wednesday, at the conclusion of a five-hour meeting.

By far the largest item in the budget is salaries - \$1,474,662. Expenses amount to \$349,219.

Here's the breakdown, as approved:

Salaries - administrative, \$70,308; teachers, \$1,233,268; substitutes, \$12,000; homebound, \$2,400; noon-hour supervisors, \$10,695.

Custodians, \$118,007; overtime and substitutes, \$2,000; Nurses, \$13,566; athletics and physical education, \$2,100; summer school, \$7,000; evening practical arts, \$3,318.

General expenses - office, \$3,000; printing, \$2,700; travel, \$2,400; out-of-state travel, \$1,500; tuition re-imbursements, \$1,200.

Textbooks and supplies - textbooks, \$30,000; supplies, \$30,000.

Plant operation and maintenance - janitor supplies, \$9,000; fuel, \$42,000; water, \$1,600; light and power, \$24,000; telephone, \$4,000;

## New Fund Can Get State Dollars

The Finance Committee will ask  
town meeting to approve a stabi-  
lization fund for the town.If possible, the Committee is  
thinking of applying \$50,000 to  
the fund the first year, according  
to Chairman Phillips B. Marsden  
Jr.He told the Selectmen Monday  
that there are state funds available  
to match amounts withdrawn from  
the stabilization fund, when used  
for capital expenditures. Thus, it  
would be possible to match the  
\$50,000 put up by the town in 1963,  
if the money is held in the fund  
for a year. There are various  
requirements by the state as to  
amounts, he noted.The Selectmen were enthusiastic,  
and promised their support.

## Board Refuses To Reconsider

The School Committee  
refused to reconsider its  
3-2 vote in favor of the pro-  
positional Technical highAfter listening to a plea  
from Fred Tarbox, who has de-  
voted the project for a num-  
ber of years, the Committee fa-  
vorably reconsidered the  
3-2 vote to reconsider  
Tarbox had asked that  
the project, if possible.However, members  
A. Doherty and Vincent P.  
who originally opposed the  
downsizing, maintained their  
opposition. Chairman Robert M.  
voted against reconsideration  
and a tie vote. He had  
stated that reconsideration  
of no real purpose, unless  
there was a change in the vote. Mr.  
Doherty and Davey opposed  
the motion, which was support-  
ed by members John S. Sullivan  
and Milton J. Meyers.The latter members, during  
the meeting, stated their con-  
viction that the technical school was  
of real advantage to the com-  
munity and specially to those stud-  
ents who could take advantage of its cur-  
riculum.Mr. Tarbox had pointed out  
that a majority of students in  
the school are going to work  
finishing secondary school  
and that there should be a  
technical school for technical  
training, so that these students  
prepared for jobs in indus-  
try. The opposition came from  
directions.Mr. Doherty alleged that the  
shop at the high school isn't  
because there isn't any one  
and secondly because no one  
is found to teach the course.  
He believes that these are good  
reasons for not getting involved  
in more ambitious program. B.  
talking about a regional tech-  
nical school, he commented, the  
program should be invigorated.  
Mr. Tarbox pointed out that  
schools can't teach the tech-  
nical subjects, except as a family  
unit. To teach the courses as  
would be taught in a tech-  
nical school, he said, would re-  
quire sums and a number of  
teachers.However, Mr. Doherty main-  
tained his contention that the pro-  
gram couldn't seem to get going in  
the local high school, and that it should  
before anything else is done.  
He also asked several times when  
Mr. Tarbox was being critical  
claiming that the local shop  
program is unsound. Mr. Tar-  
box said the shop system, in the  
view of its purpose, but continue  
to insist that shop courses in  
school are not a substitute for  
technical education.Mr. Doherty said his opposi-  
tion is based, in large part, on  
stirring pressure. He noted  
there had been a previous vote  
and that the Committee is be-  
ing "pressured" to make  
a unanimous decision. He believed that  
voters should make up their  
minds.He also commented that  
makeup of the regional school com-  
mittee, although four from  
towns and three from Lawrence,  
makes it possible for four mem-  
bers to control the proposi-  
tional school.

## Board Refuses To Reconsider

The School Committee has refused to reconsider its original 3-2 vote in favor of the proposed regional Technical high school.

After listening to a plea from Fred Tarbox, who has directed and guided the project for a number of years, the Committee failed by a 3-2 vote to reconsider. Mr. Tarbox had asked that an unanimous endorsement be given the project, if possible.

However, members William A. Doherty and Vincent P. Davey, who originally opposed the endorsement, maintained those positions. Chairman Robert McIntyre voted against reconsideration, to break a tie vote. He had commented that reconsideration would be of no real purpose, unless there was a change in the vote. Members Doherty and Davey opposed the motion, which was supported by members John S. Sullivan and Dr. Milton J. Meyers.

The latter members, during the meeting, stated their convictions that the technical school would be of real advantage to the community and specially to those students who could take advantage of its curriculum.

Mr. Tarbox had pointed out that a majority of students in high school are going to work after finishing secondary school. He noted that there should be a regional school for technical training, so that these students are prepared for jobs in industry. The opposition came from two directions.

Mr. Davey alleged that the metal shop at the high school isn't used because there isn't any interest, and secondly because no one can be found to teach the course. He believes that these are good reasons for not getting involved in a more ambitious program. Before talking about a regional technical school, he commented, the local program should be invigorated.

Mr. Tarbox pointed out that high schools can't teach the technical subjects, except as a familiarization. To teach the courses as they would be taught in a technical school, he said, would require vast sums and a number of teachers.

However, Mr. Davey maintained his contention that the program couldn't seem to get going in the local high school, and that it should, before anything else is done. He also asked several times whether Mr. Tarbox was being critical, or claiming that the local shop program is unsound. Mr. Tarbox praised the shop system, in terms of its purpose, but continued to insist that shop courses in high school are not a substitute for a technical education.

Mr. Doherty said his opposition is based, in large part, on resisting pressure. He noted that there had been a previous vote, and that the Committee is being "pressured" to make it unanimous. He believed that the voters should make up their own minds.

He also commented that the makeup of the regional school committee, although four from the towns and three from Lawrence, makes it possible for four members to control the proposed school.

## Truck Smashed DPW Garage

The Highway Department office on Lewis st. was demolished Monday morning by a fast-moving, driver-less truck.

Highway Supt. Stanley Chlebowsky and Foreman John Lynch narrowly missed being crushed by the truck. They had left the office within a minute or two of the crash.

The vehicle - a tractor-trailer rig - had been parked at the Tyler Rubber Co. building on Lewis st., while the driver went inside to find out where he should deliver 200 bags of sulphur consigned to the firm.

In some manner, the huge truck started down the steep hill, picking up speed as it went.

The impact drove the tractor far into the building - only the trailer was visible from outside. Mr. Chlebowsky estimated that extensive damage had been done to the entire structure.

The truck, according to police reports, is owned by Gormley Motors of Medford, and was driven by Thomas H. Robson, 47 Hillside ave., Malden. He told police that the brakes were set when he went inside the building.

### Small Coincidences

If Supt. Chlebowsky had followed his usual routine Monday morning, he and Foreman Lynch might well have been killed in the crash.

First, Chlebowsky parked his car right at the office door - where it would have been in the path of the truck. But he moved it because some trucks were hauling salt and the car was in the way.

Then the phone rang, and Chlebowsky answered that call.

But instead of routinely sitting down at the desk to write down the message, as he does customarily, he went out again. And within three minutes, the crash occurred.

Lynch had arrived at the yard and went looking for the superintendent on a matter of town business.

Not finding him in the office, he went outside to look - and within seconds the truck came out of nowhere and smashed into the frame structure.

Both men were certain they would have been sitting in the office, had it not been for the small change in Chlebowsky's custom of sitting at the desk to write down a message.

## McGrath Named Belmont Sup't.

John W. McGrath, formerly of Andover, has been appointed superintendent of schools in Belmont.

He had held the position of acting superintendent since the death of

Dr. Charles R. Thibadeau last September. Prior to that time he was assistant to Dr. Thibadeau.

He is a graduate of Pynchard High School, class of 1944 and spent two years in the Army Air Force during World War II. He received his Bachelor's degree in education at Boston University in 1950 and in August, 1953, his Master's degree from Boston University, majoring in elementary education.

He later attended New York University's Graduate School of Education and received his Ph.D. in English education.

Mr. McGrath is the son of Mrs. Florence McGrath, director of cafeteria services here.

Married to the former Mable Broughton of Andover, the couple has three children, Deborah, Jonathan and Douglas.

**PLANNING ANNIVERSARY** - The Friends of the Greater Lawrence Guidance Center will sponsor their first birthday party Jan. 24 at the Center, at 2 p.m. Planning the affair, at a recent meeting, were Mrs. Jack Kyger, Mrs. Anthony Puma, Mrs. Allan B. Rogers, Mrs. Jules Cesarino and Mrs. Richard Comins of Sunset Rock rd., in whose home the meeting was held. (Leone)

## Foreign Language Classes Held

Registrations are still open for the second semester of the foreign language program of the International Institute, a United Fund agency.

Classes are conducted by a trained staff of experienced language teachers. Languages taught include French, German, Italian, Russian and Spanish. Classes emphasize conversation, reading and writing the language with frequent references to cultural aspects.

French, German and Russian classes are held Wednesdays from 7:30 to 9 p.m. Italian is taught Mondays from 7:30 to 9 p.m. Spanish classes are held Tuesday and Friday mornings from 11 to 12. If enough interest is shown, evening classes may be arranged.

In addition to the foreign language program, the Institute conducts English classes for newcomers who are unable to attend the program offered by the Lawrence evening high school. Beginners' English is held twice a week, Monday and Thursday, conversational English on Tuesday. All classes begin at 7:30 p.m. For those who work nights, classes are offered on Tuesday and Friday

## First Birthday Will Be Celebrated

The first annual meeting, and birthday party, of the Friends of the Greater Lawrence Guidance Center will be held at the organization's headquarters in the Parker Manor, Lawrence, Jan. 24.

The birthday party will be in the form of a tea.

Mrs. Irving E. Rogers, president of the Friends, will conduct a business meeting. Speaking during the afternoon will be Dr. Mary Bain, who will describe the work done at the Center and conduct a tour of the Center.

New members, wishing to enroll before the party Jan. 24, may contact Mrs. Bert Siskind or Mrs. William Schwarz, both of Robandy rd.

## November Club To Hear About Eskimos

"The Alaska of an Eskimo" is the subject of a talk to be given by Edward Evans at the November Club meeting Jan. 21, at 2:30, in the clubhouse on Locke st.

Mr. Evans is a native of Alaska, and is one of the few full-blooded Eskimos in this part of the country. His talk will be illustrated with colored slides.

## Fifth Graders Gave Program

A delightful assembly program was presented in the auditorium of the Shawsheen School Friday, Jan. 11, by the children in Mrs. Fingleton's fifth grade.

"Wintertime" was the theme of the program, which consisted of poems, songs, a piano solo, and dramatizations suitable to the season. The music was under the direction of Mrs. Miriam McArthur, director of Music in the Andover schools.

James McCarron did a fine piece of work as announcer of the program.

This was the first assembly of 1963 and the audience was invited to join in the opening number, "Singing Together". Other members were a skating party and a sleigh ride in which the following took part: Peggy O'Shea, Richard Hefner, Debbie Howard, Bobby McKinnon, Willa Tsepas, Eddie Simpson, Johnny Bravacos, and George Borelli.

Included also in the program were the following: Donna Glezian, Marilyn Haykal, Kris Nelson, Cynthia Hoffman, Cheryl Hall, Joseph Leonardi, Ronnie Stamos, Jimmie Lebow, Joe Murgia, Mark Klempa, and Larry Dimmock.

Francine Amore, Marlene Hoode, Nancy Pucci, Janice Sanfilippo, Peggy O'Shea and Steven Lloyd.

Musical numbers included: Singing Together, Signs of Winter, Frosty, the Snowman.

## VILLAGE PTA

There will be no January meeting of the Shawsheen PTA.

The next meeting will be held Feb. 13, which will be Father's night. A gym exhibition will be given by the Andover High gym team, who are the State champions, under the supervision of Joseph Dorsey, gym instructor at Andover High School.

Mrs. Robert Neil is hospitality chairman with Mrs. Joseph O'Connell as co-chairman. Refreshments will be served by the fourth grade mothers, Mrs. Howard Bond, Mrs. Bernard Tay, Mrs. James Evans and Mrs. Robert Fitzgerald.

## Trees Told Grow By C

Trees have a built-in clock-like mechanism that checks limits, that generally "tells" how tall it can grow.

This is what makes tree size says Dr. Philip L. Russek. Quaking aspen will lattice the sky up. Many dogwoods are 15 feet.

Yet bigness does not beguile. True a gray birch may live 25-30 years and a spruce 1,000 years. But a stunted pine in the arid southwest is 100 years older.

Theoretically a tree never grows old, but only from injury, disease. Every tree, no matter how old, is garlanded with a cylinder of cells between bark and wood. Growing year these are new, ever renewed.

Built-in mechanisms also control certain species more resistant than others to decay, to drought, to water conductivity, to changes in photosynthetic power. But death is inevitably hastened by drought, abnormal rainfall, heat.

Sometimes a fungus infects a tree, plugging water conducting tissue. Some trees become potboilers, others have agility and ability to stretch roots out for food. Some are killed by insects, some by diseases.

But most shade trees die eventually of neglect - lack of systematic feeding, pruning, spraying. Says Dr. Russek: "A tree when they could live almost ever."

## Association Plans March Concert

March 8, at 9 p.m. in the High School Auditorium, Methuen. The Lawrence General Hospital Association will present a concert. She is one of the most exciting singers to emerge in the past decade. Though a descendant of Bessie Smith, Leadbelly, Odette emulates neither, and in her own field of folk music, there has been voice in recent times with a varicolored richness of sound, emotionally generated. Against blues, work-songs, lullabies, fantasies the massive guitar slaps about her shoulders rings stinging punctuation, counterpoints and rhythms creating a special singer and audience affair.

Mrs. James D. Wilson of Lowell is general chairman of the Committee.

No Report  
On By-laws

A study of the town by-laws started several years ago, will be ready for the town meeting. The Selectmen will meet with a study committee, chaired by Atty. Robert Zollner, to discuss the committee's future course of action.

Town Manager Thomas E. Drury explained that the study is not quite ready, and he maintained that at least six months time will be needed to study the report, which is presented.

## Trees Told How Tall To Grow By Own Computers

Trees have a built-in computer like mechanism that checks growth limits, that generally "tells" a tree how tall it can grow.

This is what makes tree species, says Dr. Philip L. Rusden. A sequoia will lattice the sky 300 feet up. Many dogwoods seldom exceed 15 feet.

Yet bigness does not beget longevity. True a gray birch may live only 25-30 years and a sequoia 3,000 years. But a stunted pinon pine in the arid southwest is 1,000 years older.

Theoretically a tree never dies of old age, but only from injury or disease. Every tree, no matter how old, is garlanded with perpetual youth - a cylinder of cambium cells between bark and wood. Every growing year these are new, forever renewed.

Built-in mechanisms also make certain species more resistant than others to decay, to decrease in water conductivity, to changes in photosynthetic power. But tree death is inevitably hastened by drought, abnormal rainfall, and heat.

Sometimes a fungus infection plugs water conducting tissues. Some trees become potbound; others have ability and ability to stretch roots out for food and water. Some are killed by insects, some by diseases.

But most shade trees die eventually of neglect - lack of simple periodic feeding, pruning, spraying. Says Dr. Rusden: "A tragedy, when they could live almost forever."

### Association Plans March Concert

March 8, at 9 p.m. in Tenney High School Auditorium, Methuen.

The Lawrence General Hospital Aid Association will present Odette. She is one of the most exciting singers to emerge in the past decade. Though a musical descendant of Bessie Smith and Leadbelly, Odette emulates neither, and in her own field of folk music, there has been no voice in recent times with such

richness of sound, so emotionally generated. Against her blues, work-songs, lullabies and fantasies the massive guitar slung about her shoulders rings in stunning punctuation, counterpoints and rhythms creating a spell for singer and audience alike.

Mrs. James D. Wilson of Lowell is general chairman of the Committee.

## Rogers Brook Article Coming

An article covering the second stage of Rogers Brook reconstruction will be in the warrant March 9.

But the Selectmen aren't too enthusiastic about it.

In a brief discussion Monday night, Town Manager Thomas E. Duff said he wants to process the article, anyway. Then, he suggested, the subject can be reviewed in light of any other developments in the town.

Even though the first section has not been started yet, he said authorization could be voted for the second stage, so that the town would be ready when matching funds become available.

If Urban Renewal is approved, it was noted, much of the money spent on the Brook is returnable in the form of credits.

There was general feeling among the Selectmen that it might be pushing luck too far to ask for the second stage funds when the first has not started. But they agreed to have the article properly placed in the warrant, for future study.

### Will Study Glaciers Under Science Grant

George M. Haselton, formerly of 11 Cheever cir., has been awarded a \$14,000 National Science Foundation grant for the study of glaciers in Alaska.

He will go to the Upper Muir Inlet, Glacier Bay, Alaska, next June, where he will study the recent history and development of glacial formations.

He is the son of Mr. and Mrs. George E. Haselton, and is working for his doctorate at Ohio State University.

### PILGRIM FELLOWSHIP ENJOYED TOBOGGANING

Sixteen members of the Senior High Pilgrim Fellowship of the West Church spent a very pleasant evening last Sunday enjoying the Tobogganing at the Country Club. Robert Klie, leader of the group, was in charge of the evening party.

Last Saturday, every successful bottle drive was held by members of the Junior High Pilgrim Fellowship of the West Church.

HAVING FUN, ANYWAY — Members of the Free Church Couples Club were scheduled for a chili supper, and an evening of outdoor activity last week — but how it rained. They met anyway, at the home of Mr. and Mrs. Robert Kent on Salem st. Then the power went off for a while, further complicating the program. But the couples enjoyed themselves, despite the problem. Helping prepare the meal, as hostesses, were Jane Vondell, Marion Grant, Elaine Kent and Mavis Rockwood.

Committee Divided  
On Director Ratio

The School Committee, by a 3-2 vote, has placed two directors on a full-year pay ratio of 1.25 and set a third director's ratio at 1.15, for the 40-week school year.

The directors of guidance and physical education were placed on the year-round basis, providing they are willing to accept that status.

The director of music was maintained on a school year basis.

School Committee members John S. Sullivan and Milton J. Meyers voted for the provision; members William A. Doherty and Vincent P. Davey against it. Chairman Robert McIntyre broke the tie with a "yes" vote.

The matter had been held over from a meeting last week. At that time, Mr. McIntyre had asked for the delay when a tie vote reached him in the chairman's chair.

The vote Tuesday night was on an amendment by Dr. Meyers, establishing the proviso that the directors accept the basis of full-year employment.

## FAMILY PARTY

A family birthday party was held Sunday afternoon in honor of the third natal day of little Dorothy Mellett, daughter of Mr. and Mrs. Harry Mellett.

Court St. Monica  
Plans Anniversary

Court St. Monica 783, CD of A, will observe its 40th anniversary Jan. 29 with a dinner at Rolling Green Motor Inn.

Mrs. Stephen Boland was the first Grand Regent; the present Regent is Estelle Dumont.

Plans are in the final stages for a pleasant evening. Reservations for members may be made with Mrs. Robert Walsh, 19 Wolcott ave.

Miss Ann Greeley and Mrs. Stewart Anderson are co-chairmen for the event.

RESIDENTS IN CAST  
OF MIDDLEBURY PLAY

Miss Carol A. Clements, daughter of Mr. and Mrs. Phillip S. Clements, 39 Sunset Rock rd., and Celt C. Grant, son of Mr. and Mrs. Glen W. Grant, 62 Osgood st., were members of the cast of a student-directed one-act play, "Private Life of the Master Race", given by the Middlebury College Drama Department Sunday, Jan. 13, in the college's Wright Memorial Theatre.

Miss Clements took the part of Woman Worker in the second scene from the play, entitled "Working Man on the Air." Grant was cast as The Husband in the third scene entitled, "The Informer". Both are Middlebury seniors.

Bring And Tell  
Meeting Held

Last Wednesday, Jan. 9, the Woman's Union held their January meeting in the Church Parlor.

Dessert was served by Mrs. Leverett Putnam, Mrs. Grant Stine and Mrs. Frank Stowers. Following this, a business meeting with reports was held, with Mrs. Richard Williams in charge. Each member was asked to bring some special hobby in which she was interested and tell about it. Many interesting things were mentioned among them were a spoon collection numbering over 800. Of special interest was a paper called "The Vestry Advocate", dated which was 1855. Considering its age, it was very well preserved. A Diary collection from 1911 to the present time was also interesting.

One guest was introduced as prospective member. Mrs. O'Connor read an article on International Defense, and a letter read from one of the members who is just now in California. Delegates to the annual State conference to be held in Boston March 19 and 20 were chosen. Mrs. Edward Thompson and Mrs. John Kenyon; alternates, Mrs. J. M. Birdsall, Mrs. Roland Wee, Mrs. Edwin Lewis and Mrs. E. Thornton.

As this year marks the end of Mrs. Otto's term of office as president, a nominating committee was chosen to bring in a slate of officers for the coming three years, and Mrs. Edwin Lewis, Mrs. Earl Thornton and Mrs. Smethu were named.

After the business had been concluded, the members showed off quaint and odd articles which had been and still were of interest to their owners in a "show and tell" entertainment. The articles were many and varied and the stories about them were most interesting.

The other exhibition, "The First of Poetry", is also of special interest to the English classroom. First shown at Princeton University, it consists of portrait photographs of 55 English and American poets taken by Rollie McKenna. Brief biographies accompany each portrait and help bring to life personalities otherwise known through their writings alone. "The Face of Poetry" will be on view through February 10. "The Art of The Pacific Islands" will remain through February 17. Admission is free. The public is welcome. Gallery hours: Monday through Saturday, 9 a.m. to 5 p.m.; Sunday 2:30 to 5 p.m.

Two special exhibitions have been installed at the Addison Gallery of American Art, Phillips Academy.

One is "Art of the Pacific Islands" lent by the Olsen Foundation. Included are a variety of grotesque images all of which possess a ritual function and a mysterious appearance. The magical properties of these fantastic creatures, part animal, part human, served to protect man from the evil spirits which infested nature, or to invoke the aid of good spirits. As the Pacific Islands have become better known during the last century or so, writers and painters have sought inspiration in these primitive cultures. Polynesian, Melanesian, Australian. Consequently, English classes which may be studying Melville's Typee, or Maugham's "Moon and Sixpence" can find in the exhibition firsthand examples of the authors' excitement.

### Special Exhibitions Addison Gallery

Two special exhibitions have been installed at the Addison Gallery of American Art, Phillips Academy.

One is "Art of the Pacific Islands" lent by the Olsen Foundation. Included are a variety of etesque images all of which suggest a ritual function and a mysterious appearance. The major properties of these fantastic figures, part animal, part human, served to protect man from the evil spirits which infested the air, or to invoke the aid of good spirits. As the Pacific Islands have become better known during the last century or so, writers and painters have sought inspiration in these primitive cultures. Consequently, English artists have been studying the type, or Maugham's "The Moon and Sixpence" can find an exhibition firsthand examples of the authors' excitement.

The other exhibition, "The Face of Poetry", is also of special interest to the English classroom. It consists of portrait photographs of 55 English and American poets taken by Rolfe McKenna. Biographies accompany each portrait and help bring to life the personalities otherwise known only through their writings alone. "The Face of Poetry" will be on view through February 10. "The Art of the Pacific Islands" will remain on view through February 17. Admission is free. The public is welcome. Hours: Monday through Friday, 9 a.m. to 5 p.m.; Saturday, 10 a.m. to 5 p.m.

granted last week by Town Manager  
Thomas E. Duff has been pegged  
at approximately \$25,000.

**Trade Board  
In Endorsement**

The directors of the Andover  
Board of Trade, a division of the  
Greater Lawrence Chamber of  
Commerce, have endorsed the vo-  
cational Regional High School Dis-  
trict proposal.

In making the endorsement, the  
directors are urging the voters to  
act favorably on the ballot ques-  
tion concerning the vocational school  
this March, President Raymond  
B. DeRousseau stated.

The vocational school district  
will be comprised of Andover,  
Lawrence, Methuen and North And-  
over providing a favorable vote  
is obtained for the school. Voters  
in Lawrence have already approved  
the proposal with an overwhelming  
majority, President DeRousseau  
pointed out, but at least two of the  
remaining three towns must  
approve the proposal before it will  
become a reality.

There will be no tax impact in  
Andover and it is estimated that  
it will cost Andover less to have  
students enrolled in the vocational  
high school than in its own school  
system, Mr. DeRousseau pointed  
out. This is due to the extra state  
and federal aid which is available  
for a school of this type.

The Directors pointed out the  
need for a technical high school  
where young men, who either are  
not able or do not wish to go on to  
college or advance training, will  
be able to study and learn a  
technical skill.

The Board also made plans to  
hold an open dinner meeting for  
its members in February. Plans  
for this meeting and the final re-  
port on the Christmas Light  
program will be made public as  
soon as they are finalized.

VITAL MEETING  
TO COLLECT FACTS

(Continued from Page One)

The Trust asked for the session because it felt that certain basic needs to be presented in some form, rather than in fragments, or under individual sponsorship.

Doherty also noted that the Trust must know whether there is an agreement that new municipal facilities are needed in the next five years. If there is no need, in the opinion of most town officials, there is considerable doubt that the re-development of the Urban Renewal area could be planned properly.

If the meeting agrees that the facilities will be needed in that period, there will be an effort made to see how this can be done within the framework of the Urban Renewal plan.

A suggested agenda places the subject of municipal buildings first, then calls for an expression of opinion from the town officials.

If there is general agreement that the buildings will be needed, then it is proposed to go forward to find mutually acceptable figures as to the economic advantages or disadvantages to the town of erecting a new town hall, fire and police stations in conjunction with Urban Renewal.

Some of the following items are listed for consideration:

Average annual cost to the town of the Urban Renewal program, on a 20-year bond issue.

Estimate of additional tax income, after re-development.

How much will town receive from U.R. for present municipal facilities?

Amount to be paid U.R. for a prepared site for new buildings.

Estimate to prepare the site and relocate High st.

Estimate of price that could be received if present town hall and fire station are sold at public auction.

Probable cost to town to acquire same site, without U.R.

The proposed agenda lists columns for each of the officials to list his own figures, if they differ from those taken from the U.R. study. Then it is suggested that, where differences occur, some acceptable figures be worked out.

In that way, it is noted, everyone can then talk about the same set of figures. Mr. Doherty has stressed that agreement on a special figure does not mean that the individual necessarily agrees to Urban Renewal.

But he has pointed out that before there can be disagreement, there should be a known set of facts and figures as a basis for discussion.

The Directors pointed out that here young men, who either are able or do not wish to go out to college or advance training, will be able to study and learn technical skill.

The Board also made plans to hold an open dinner meeting for members in February. Plans for this meeting and the final report on the Christmas Light program will be made public as they are finalized.

DUFF STRESSED NEED  
FOR NEW BUILDINGS

Tonight's meeting on Urban Renewal will consider the "need" for new municipal facilities within five years.

Town Manager Thomas E. Duff stated, early in December, his opinion that "the need is more apparent every day". He said then he will press for funds to build the town hall, police and fire stations in 1963, whatever the outcome of Urban Renewal.

Reception Planned  
For Two Artists

During the month of January, the John-Esther Art Gallery of Abbot Academy is holding an exhibition of oils and watercolors by Helen Baker (Mrs. Henry Bragdon) of Exeter, New Hampshire and Alicia Atkinson (Mrs. G. C. Waterston) of North Andover.

Miss Atkinson and Mrs. Baker have held one-man shows and exhibited with groups throughout New England and both have won several prizes for their paintings. Each is represented in the permanent collection of her home town. Miss Baker has a painting in the permanent collection of Phillips Exeter Academy and Miss Atkinson in the Addison Gallery of American Art at Phillips Academy.

She is also represented in the permanent collection of the Lamont Gallery in Exeter, N. H., and several private collections.

Sunday afternoon, Jan. 20, a reception for the two artists will be held in the John-Esther Art Gallery from 3:30 to 6 o'clock to which the public is cordially invited.

## EDITORIAL THOUGHTS

### Official Cooperation A Must

A meeting of utmost importance is scheduled tonight.

It is an effort to bring common sense into play, regarding Urban Renewal, and to arrive at one set of facts and figures.

Once this is accomplished, the town as a whole can discuss the information with some assurance that new and unsupported data will not be introduced in an effort to muddy the waters again.

In order to accomplish the purpose of the meeting, it is necessary that all town officials try to cooperate. They will be asked to discuss the issues intelligently.

It seems to us that the result of the session either makes or breaks Urban Renewal. If an orderly meeting is held, and a set of facts established by general agreement, we can then carefully study the material and make up our minds about Urban Renewal. If there is no cooperation — if town officials won't discuss issues — then we will have the same chaos that prevails now, with every man providing his own data, to support his own opinion.

It should be remembered that the facts and figures to be compiled tonight, by agreement of public officials, are then subject to debate. Compilation of the data does not constitute endorsement of Urban Renewal.

But it is essential to get the information in a clear, understandable form, so that men and women all over the town can understand it, then vote according to their convictions.

### Wanted: Leadership

The leadership abilities of candidates for office should be measured as closely as possible, before making selections March 4.

Many times a candidate is chosen to serve because he is popular; that's the biggest mistake of all.

Because a man who likes his popularity too well often hesitates to make decisions. He'd rather not have anyone be critical, or hurt anyone's feelings.

Thus personal popularity isn't the only ingredient of a man's personality to look at.

His experience, in whatever occupation he happens to serve, is also a matter of consideration. But this, alone, isn't enough, because sometimes a man of good business ability can't cope with government procedures. The man must be adaptable.

But most important of all, we believe, is a man's capacity to make decisions he thinks best for the town, at the time when the town needs those decisions the most.

That time is well in advance of the period when people have already made up their minds on an issue.

In other words, an official shouldn't wait to find out what is the popular decision — only which is the right decision.

Such a man will make mistakes.

But the man who never makes mistakes, never does anything, either.

We hope men of real leadership qualities present themselves for consideration.

### Right Decision Takes Courage

We've heard some criticism of the School Committee's decision on salaries, and the resulting increase in the budget. And to be sure, the increases are rather large; the result is a sizeable item, when comparing annual budgets of other years.

In some years past, the School Committee had hedged against reality. Members have wanted to raise salaries, and have set a schedule to follow. But then they have limited the amount of any individual's increase, with the result that the schedule didn't become effective as adopted.

But you can't have your cake and eat it, too.

The result of their effort was to set a salary schedule less than they intended. The professional staff received less than the Committee had actually approved. No one was content. And that was the price paid for trying to propose only what the Committee members thought the voters would go along with.

This year, a realistic schedule was adopted; then the Committee voted to put all of the teachers on their proper step in the schedule. This takes some courage, in light of the sums involved. But it is the proper course of action

to take, and does not deserve criticism.

The only area where one should be critical, if they wish to get down to basic problems, is over the schedule itself. But certainly a Committee action that simply requires the Committee to live up to its own decisions, is not questionable.

### Conflict Of Interest

The affects of the conflict of interest law are already being felt here, in terms of possible candidates for election.

With three top elective offices open, there have been several possible candidates who have examined the new law and refused to jeopardize their future business relationships within the community.

It is a serious problem.

Most seriously affected are lawyers, of course, because they couldn't hold office and represent clients before town boards. Neither could their partners. And the restriction would last even after they left office.

But businessmen are also concerned; persons in the real estate business would come in conflict if they held office at the same time as a client appeared before the Appeals Board, and so on. Other potential candidates are concerned lest they violate the law, because members of their immediate families are employed by the municipality.

All of these areas of conflict have been explained by Town Counsel O'Brien on numerous occasions.

It may be that some substantial, able men and women will be kept off the ballot this year because of the law. And it certainly is too much to expect the Legislature to amend it drastically prior to the effective date May 1.

### Down the Years with The Townsman

#### 75 Years Ago — January, 1888

Burt Buxton, formerly in the employ of E. Pike, is to start a soap peddler's team in town.

The third class of Punchard enjoyed a sleigh ride and pleasant evening at B. H. Farnum's last night. By invitation of Miss Laura Farnum, S. G. Bean furnished the conveyance and it was a handsome turnout.

The first annual supper, concert and ball, in celebration of the birth of Robert Burns, will be given by the Robert Burns Club of Andover in the lower town hall Friday evening next.

George Ripley has been re-elected one of the directors of the Railroad Bank in Lowell.

The fine sleighing on Main st. last Saturday afternoon brought out many of our fast horses, who seemed to enjoy the trotting just as much as their drivers. We wish there might be found some place for the sport, where there is less passing, and consequently less danger to the public.

David Shaw's house will be ready for him about Feb. 1. Slaughter Bros. of Lawrence are now doing the painting and papering.

#### 50 Years Ago — January, 1913

The new Colonial Theatre on Essex st. opened Wednesday night for its initial performance. There was a large crowd present.

A handsome new tablet for the exterior of the building has been presented to the Free Church by the Helping Hand Society. The work of inscribing the tablet was done by Ralph Lawson, son of Mr. and Mrs. George D. Lawson of Maple

ave. Preparations for the annual Varnum Lincoln spelling match have begun in the public schools.

The play, "The School for Scandal", which is being prepared for presentation by the Barnstormers, has been postponed until the first of April.

Mrs. A. L. Grant of Chestnut st. left town Thursday for Bermuda, where she will recuperate from her recent illness.

At a hearing before the Selectmen, held Saturday, permits were granted to Myerscough and Buchan and to W. H. Coleman and Co. to keep and sell gasoline.

#### 25 Years Ago — January, 1938

The Highway Safety Committee has asked State Senator Frank D. Babcock to file a bill that would allow the state Department of Public Works to restrict truck traffic on some streets. If passed, the department would then be able to prevent trucks from using Main st., and direct them to the By-Pass, according to the wishes of the Committee.

More than 40 persons are seeking political office this year, with a lot of attention centered on the tax collector's race.

The town employees' pension law, adopted by the town at the last state election, will cost \$12,000 this year — or a dollar on the tax rate.

Nearly 200 attended the annual meeting of the Free Church Wednesday evening. James Gillespie was re-elected moderator.

10 Years Ago — January, 1953  
Sewage running along public

streets in Ballardvale is the reason for an article asking that a trunk main be installed between there and the Abbot Bridge, where it would connect with the trunk lines. Residents and the DPW are trying to find a plan that will not cost the \$90,000 first estimated.

A 16-inch snow storm battered the town from Thursday to Monday, and was considered one of the worst storms to hit the area in a long time. The snow finally changed to sleet and freezing rain, then just rain, before fizzling out Monday. Crews had a hard job keeping ahead of the accumulation and the slippery conditions.

The Selectmen have been notified that the state does not yet have specific plans for alternate to Routes 28 and 110. Studies for both highways are going on within the state DPW.

The fire department answered 288 alarms in 1952. Only 225 were answered the year before.

#### Coming Events

##### JANUARY

- 17 Ballardvale Littlest Listeners, 10 a.m.  
Story hour for boys and girls, 3:35 p.m.
- 21 Andover Civil War Roundtable, 7:30 p.m.
- 22 Great Books Discussion Group, 7:30 p.m.
- 23 Robins group of Littlest Listeners, 10 a.m.
- 24 Story hour for boys and girls, 3:35 p.m.

#### Littlest Listeners

The Robins in Andover will have their story hours at 10 o'clock on Wednesday, Jan. 23.

#### Civil War Group

The Andover chapter of the Civil War Roundtable will meet for the first time of the new year at the library Monday evening, Jan. 21, at 7:30 o'clock. This group welcomes new members, who are invited to join at any time if they have a sincere interest in the phases of the Civil War. Stanley Butcher of Andover is leader of the chapter.

#### Story Hours

This week's story hour has the amusing title "Horses with a Difference". All the stories on the program will have to do with the noble animal, either in modern story or in a classic tale.

Thursday, Jan. 24, there is an unusual theme, "New York". Among the stories to be told will be "The Cricket in Times Square", "How The Good Gifts were Lost By Two" and the old favorite "Van Winkle."

All boys and girls are invited to attend story hours, which usually close at 4:15 p.m. No tickets are required for these weekly programs.

#### Films For Groups

There are a number of interesting films to be on hand at the library for the use of local groups. During the periods indicated by the inclusive dates with each title, the films may be borrowed for use with club, organization or school groups of Andover. It is suggested that chairmen of program committees reserve early any films which appeals, as there may be close booking for some. From Jan. 14-Feb. 1 there is a collection of ten minute length, "Life To The North". In it a U. S. Army cable ship takes us on a historic making voyage from Port Angeles, Washington to Ketchikan, Alaska as telephone people establish an underwater link to the north. From Jan. 21-25 there is an 18 minute film "People Of A City: Stockholm" which provides an intimate glimpse of life in Sweden's capital city of Stockholm. The film has an exciting musical score blended with natural sounds but without narration. A twenty-eight minute film "Strike In Town" presents a situation of a town in which the biggest industry is threatened by a strike. It shows the disagreements within families, the actions of public opinion and the preparations for a strike. This will be available for showing from Jan. 21 through Feb. 8. A ten-minute color film "Art And Life In Italy" on hand from Jan. 28-Feb. 11 shows art as a result of activities of the Italian people in the land which they live. Photographs included are scenes on the streets of Florence, Giotto's frescoes in the Arena chapel in Padua, and

### League Planning Registration Drive

The Andover League of Women Voters is continuing its program to inform unregistered voters of the registration requirements so that they may participate in the local elections March 4 and the town meeting March 9.

Postcards will be sent reminding them that the registration deadline is Feb. 13. Residents are eligible to register if they are citizens, 21 years of age or over, and have lived in Massachusetts one year and in Andover six months. Newly-naturalized residents of the Greater Lawrence area will receive a Voter's Guide welcoming them as new citizens.

and explaining registration and voting procedures.

The following members of the Andover League are active in this campaign: Mrs. Jerome Andrews, chairman, Mrs. Brooks Whitehouse, Mrs. David Woodworth, Mrs. George Bixby, Miss Jacqueline Davey, Mrs. Thomas Lawson and Mrs. Edward Sabbagh.

### Former Resident Was Promoted

Donald F. Mudgett of Bethlehem, Pa., has been promoted to assistant to the general manager of the Phillipsburg and West Easton plants of Ingersoll-Rand.

He is the son of Mr. and Mrs. Carl F. Mudgett, 91 Central st., and is a graduate of Punchard High School, class of 1950.

Mr. Mudgett joined the firm in 1959.

DONALD F. MUDGETT

He is a graduate of M.I.T. with a degree in industrial management. He served in the Army Ordnance Corps, and was released from active duty in 1957 as a first lieutenant.

Mr. Mudgett is president of the Lehigh Valley Chapter of American Production and Inventory Control Society and is a national director. After joining Ingersoll-Rand, he had served as an engineer in the advanced engineering department. Since April, 1962, he was staff engineer in the office of the Com-

pressor Division's assistant general manager.

### Wants Money For Planning

Voters will be asked to act on a \$5,000 appropriation for planning covering the municipal garage area, according to Town Manager Thomas E. Duff.

He told the Selectmen that the town isn't ready with plans for the area, for action this year. Planning funds will enable the department to have a complete study made, and detailed plans drawn up for consideration in 1964.

The study will also include the total area available at Lewis st., the desirability of remaining there, and the possible construction of garages and other buildings.

### TROOP RE-ACTIVATED AT SOUTH SCHOOL

Brownie Troop 48, of the South School, was re-activated Jan. 10 with Mrs. Daniel Morron, 1510 Dan rd., serving as Troop leader.

Her assistants are Mrs. Leonard Ronan of Rattlesnake Hill rd. and Mrs. Edward Reynolds of West crest rd. There are 24 fourth-grade girls in Troop 48, of whom will "fly up" in the spring to become Girl Scouts.

Wants Money  
For Planning

Voters will be asked to act on a \$5,000 appropriation for planning covering the municipal garage area, according to Town Manager Thomas E. Duff.

He told the Selectmen that the town isn't ready with plans for the area, for action this year. But the planning funds will enable the department to have a competent study made, and detailed plans drawn for consideration in 1964.

The study will also include the total area available at Lewis st. and the desirability of retaining the area and the possible construction of garages and other buildings.

TROOP RE-ACTIVATED  
AT SOUTH SCHOOL

Brownie Troop 49, of the first school, was re-activated Jan. 15 with Mrs. Daniel Morreo, 15 School rd., serving as Troop leader. Her assistants are Mrs. Leonard Roman of Rattlesnake Hill rd. and Mrs. Edward Reynolds of Pleasant rd. There are 24 third and fourth-grade girls in Troop 49, of whom will "fly up" in the spring to become Girl Scouts.

# MRS. MOODY SEEKS ELECTION

(Continued from Page One)

MRS. BARBARA G. MOODY

the Greater Lawrence Council of Girl Scouts, and is a member of the South Elementary School P.T.A.

Mrs. Moody was selected by the School Board to serve on the citizen's committee which planned the Andover Community Conference on Public Education, presented in April, 1962.

Married to Richard H. Moody, a long time Andover resident, she has four children. Her husband is associated with the P. W. Moody Co., Ballardvale's oldest operating industry.

## AVIS Now Owns Cluster Zone Land

The Andover Village Improvement Society has acquired 10 acres of green area, within a cluster zone.

This is the first time that green areas within such a zone have been given to the organization. President Albert Retelle, in announcing the transfer of 10 acres within Mayflower Park, said he hopes other developers will similarly dispose of the open land.

Mayflower Park is off Reservation rd., and contains 42 homes. It is one of the increasing number of cluster zoning proposals coming before the Planning Board.

Retelle said the acquisition makes it possible for the AVIS to speak literally of a green belt, mostly owned by the organization.

It is now possible, he related, for a person to walk through Indian Ridge reservation, cross the street into Baker's Meadow, walk across the back land of the high school plot and then through the Indian Ridge Reservation again to the point of beginning.

## ANNUAL MEETING

The annual Church and Parish meeting of the West Church will be held tonight in Fellowship Hall.

Supper will be served at 6:30 and the annual meetings, with reports for the past year, will be heard. Election of officers will also take place.

# Jaycees Select Five Judges

Five judges have been named to select the Jaycees Outstanding Young Man, from among nominations presented to the Jaycees before Jan. 30.

The judges include Edward I. Erickson, superintendent of schools; Thomas F. Duff, town manager; Robert Jeffries, vice president of the Merrimack Valley National Bank; Dr. Milton J. Meyers, recipient of last year's award and a member of the School Committee; and David E. Young, editor of the Townsman.

Basis of the judging will be these three criteria:

Contributions to community welfare during the past year.

Leadership ability.

Personal or business progress.

Nominees must be between the ages of 21-36.

Nomination blanks can be secured from Don Ellsworth, president of the Jaycees or from any of the local banks.

The winner will be announced at a dinner Feb. 20.

## WILL ATTEND LIBRARY CONFERENCE

Miss Elizabeth Eades, librarian at the Oliver Wendell Holmes Library, Phillips Academy, will be among the panelists at the 50th anniversary conference Feb. 1 and 2 at Mount Hermon School's Schaffler Memorial Library.

She will speak on "The Adult Book in the Boys' School Library" in a Feb. 1 panel on "The Place of the Adult Book in the Secondary School Library".

Also attending will be Mrs. Mary Baker, librarian at Abbot Academy; Robert B. Palmer, librarian, and Jack McVey, assistant librarian at Brooks School, North Andover. Majority of the 100 delegates are independent secondary school librarians.

Miss Sheila Lawlor has returned to the College of the Sacred Heart at Newton.

# Public Invited To Hear About Voyage

This Saturday at 8 p.m. in Davis Hall of Abbot Academy, Clark Staples will show films and lecture about his trip aboard the Brigantine "Yankee".

In September, 1956, Mr. Staples met Captain Irving M. Johnson and his famed Brigantine "Yankee", and won a berth aboard this square rigger for its seventh and final 'world voyage'. Along with 23 other young men and women, he sailed 48,000 miles during the 18 months, stopping at such romantic ports-of-call as the Galapagos Islands, Pitcairn Island, Tahiti, New Guinea, Borneo, Bangkok, Singapore, Bali, Africa, and the West Indies.

The public is most cordially invited to attend.

# Officials Se Buildings,

An overwhelming majority of officials have agreed that municipal buildings will be replaced in the next five years. The idea of new structures.

It took more than an hour of discussion and soul searching Thursday night, but when the officials were asked, they responded with positive statements of the need.

The Planning Board gave the Assessors approval. Housing Authority concurred. Town manager vigorously supported the need; and three of the Selectmen were recorded.
